GREATEST MEDICINE ON EARTH

A prominent citizen of Evansville, Ind., writes:—"I was ill for five months with a pulmonary trouble, and had the best of doctors. I had hemorrhages and was in a very bad way. Through the advice of a friend I tried Vinol, and I feel that it saved my life. It is all you recommend it to be. I believe it is the greatest medicine on earth. I have advised others to try Vinol, and they have had the same results." (Name furnished on request.)

We want every one in this vicinity who is troubled with chronic colds, coughs, or pulmonary troubles, to come and get a bottle of Vinol. If it does not go to the seat of trouble, heal the inflammation and stop the cough, we will cheerfully return every cent paid us for it. This shows our faith, and proves that you take no chances.

NEWARK THEATRES.

NEWARK THEATRE.
The week of April 7 will be a gala one at the Newark Theatre, for it marks the coming of beautiful Kitty Gordon in "The Enchantress," the spectacular comic opera by Victor Herbert, which had such a highly successful run at the New York Theatre early in the season, with identically the same cast that was so enthusiastically greeted on its New York opening, and with the original \$50,000 production.

For Easter Monday, Mr. Joseph M. Gaites announces a "surprise" performance, which he calls a Kipling surprise evening, in addition to the regular performance.

PROCTOR'S THEATRE.
Nora Bayes and Jack Norworth will be seen in a most novel entertainment which they term "A Musical Surprise Party," in the week of April 8 at Proctor's, Newark.

The nature of the "Musical Surprise Party" permits the presentation of many added features, and Bayes and Norworth have not hesitated to engage some of the most expensive specialties that have charmed Europe and New York.

"The Argentine" dance is the latest creation of terpsichore and has become the rage wherever it has been seen. Others on the big surprise bill will be Mr. and Mrs. Hugh Emmett, in a ventriloquist novelty; Duffy and Lorenz, those rollicking ragtimers; Miller, and Lyle, ebony-hued comedians; Maye and Addiss, daughters of the regiment of fun; the Four Floods, monarchs of the air; Pollard, the master juggler, and latest photo plays.

MINER'S THEATRE.
Alive to the fact that the best is always the cheapest in the long run, Manager James H. Curtin has provided an exceptionally strong company for the famous "Broadway Gaiety Girls," which will be the next attraction at Miner's Theatre, Newark, commencing Monday. The organization will appear in two musical comedies entitled "In Search of a Widow" and "Two Lucky Tramps." The show has been pronounced everywhere as the most complete and elaborate production ever seen on a burlesque stage. Matinees will be given as usual. York and Adams and "Paris by Night" are two special attractions of unusual importance.

GAYETY THEATRE.
There will be merriest galore during the coming week at the Gaiety. Billy W. Watson, that funny little Dutchman with that funny slide, and the "Girls from Happyland" will be seen in a rejuvenation of burlesques which made Watson the most popular one of the burlesque comedians. Of special interest will be Watson's new version of "The Gay Modiste."

There will be the usual display of show girls, mediums, ponies, broilers and chicklets, and it is claimed that the girls are possessors of melodious voices and nimble feet, which are ever in lively activity in the execution of the many beautiful dancing ensembles. Amateur night Friday, April 15, "The Passing Parade."

Lunch Wagons.

Lunch wagons are an occasional subject of discussion at Town Council meetings, and the subject was brought up again Monday night when the following letter from F. H. Erickson of 104 Ella street was read by the clerk:

"I hereby request your honorable body to grant me permission to replace the lunch wagon at 585 Bloomfield avenue (in rear of Bloomfield National Bank), with a new, up-to-date and modern lunch wagon."

"I make this request to you because of the fact that the situation at present, as regards lunch wagons, seems somewhat uncertain, in view of the recent action of the council and the attitude of the building inspector."

"I have applied to Mr. Cadmus for a permit, in case one is necessary, and he has referred me to the Town Council. If it is not necessary to have a permit, then this application is not necessary, but if one is required I earnestly request that you will grant it to me."

Councilman Unangst, in commenting on the request, said it was a matter in which the council should proceed carefully. Not long since, he said, a request of a similar character was granted by the council, and the party did not move the wagon off the lot, but simply to the rear of it, and put a new wagon in front of it. There was considerable adverse comment in regard to it, Mr. Unangst said.

"You all know my sentiments in regard to lunch wagons," Mayor Hauser said. "I would not have one of them in the town."

Town Attorney Kocher said that the legal status of lunch wagons with respect to building regulations and other municipal rules was not clearly defined. In cases that had been litigated, the courts had taken a liberal view of the matter and had inclined to class the lunch wagon among vehicles and not among buildings. Treated as a wagon, Mr. Kocher said, the council had no jurisdiction—as to a man driving off and on his own property or property that he controlled, and he could move the wagon on his property and could paint it in any color or manner that he felt disposed to do, and there was no law giving any one the right to interfere with him. In a Montclair case, where the owner of a wagon had closed in the under structure by boarding it up, the boards being attached to the wagon with hooks and thus made movable at will, the court held that the closure did not change the character from a vehicle to a building.

Mayor Hauser referred Mr. Erickson's request to the building committee and the law committee for investigation and report.

Monument Permit.

At a meeting of the executive committee of the Bloomfield Centennial Celebration Committee, held Friday evening, March 22, a resolution was passed to petition your honorable body for permission to erect the proposed soldier's and sailors' monument upon the little triangular park lying to the south of the intersection of Broad street and Franklin street.

A motion was promptly offered that the permit be granted, but before it was voted on Mr. Murray pointed out that jurisdiction over the public grounds had been placed in the hands of the Shade Tree Commission, and the motion granting the request was adopted, subject to the approval of the Shade Tree Commission.

Why Coat Lapels Have Nicks.
The following is said to be the story of the origin of the nick in the lapel of men's coats: When Napoleon first felt the sway of ambition he tried to implicate General Moreau in a conspiracy. Moreau had been Napoleon's superior and was exceedingly popular, but in the circumstances, with the Man of Destiny in power, it was not safe to express publicly sympathy with Moreau. His admirers and supporters quietly agreed to nick their coat lapels to show their fellowship, the outlines of the coat after the nick was made forming the letter M.

An Exception.
Some one or another once said, "It is a poor rule that won't work both ways."
"Well, try telling mother that she looks so like her daughter that you cannot tell them apart. And then try it on the daughter."—Variety Life.

Not Unusual.
"Did your son go through college, Bunkerton?" asked Wickley.
"No," said Wickley. "He went through me, and I had to take him out."—Harper's.
